Sister Poses as Wife of Soldier; Gets Allowance

LONDON, Oct. 3.—Six months before the war began Private John Rogers' wife died. The war office has just found it out after paying a total of \$700 in separation allowance to Private John's sister, who posed as his wife.

BRITISH ADVANCE IN GERMAN EAST AFRICA

LONDON, Oct. 3.—British columns are making good progress against the enemy in German East Africa, says an official report on the East African campaign. Stubborn fighting is in progress on the Lindi-Masasi, about forty miles southwest of Lindi. Ground recently won by the Germans has been retaken by the British.

GIRL OF SIX SENDS \$12 FOR TIMES SMOKERS' FUND

A six-year-old girl patriot, who lives in Rosslyn, Va., today brought to The Washington Times \$12 she had collected for The Washington Times Tobacco Fund to buy smokes for the American soldiers in France.

Her name is Mary Butterfield, and she lives on the Arlington farm in Rosslyn, a village many times smaller than Washington. In twenty minutes this patriotic miss collected \$4.40 on the first evening she tried the experiment among her school friends and neighbors. In her own juvenile hand Mary penned a note to The Times smokes editor, in which she said: "I hope the boys will enjoy the smokes and smoke the Kaiser out, without a trace."

It is certain that Mary Butterfield will treasure as long as she lives the return postal cards American soldiers will send her to thank her for the kindness of childhood—the kindness that puts aside desires for toys and kindred delights of the child heart, to make "others comfortable."

"The boys" of the paperhanging and paint store of Pennington & Taylor, 2333 Eighteenth street northwest, today sent \$9.50 to the fund.

Schoolboy Never Forgets.

Clarence E. Schooley, superintendent of carriers at the city post office, can most assuredly be relied upon to keep any promise he makes. Several weeks ago, when the smokes fund was first started, Mr. Schooley gave a dollar and promised to contribute a dollar each pay day. He has not forgotten his promise to help make the American soldiers in France happy, and this morning's mail brought his \$1 contribution to The Times.

Other employees and officials of the postoffice cannot be expected to allow Mr. Schooley to take away all the honors that should go to this department of the Government for generosity toward the boys "over there."

From "the first and only woman secretary from Massachusetts to a Congressman," Lily F. Darcy, The Times is indebted today for a contribution to the fund. Miss Darcy is secretary to Congressman Joseph Walsh, from the Sixteenth district of Massachusetts. The secretary sent the contribution from the first check she received as Mr. Walsh's secretary.

A check for \$5 was received today from Mrs. Emma D. Woodyard, who explained that it was "to send tobacco to those soldiers who have no one specially back home to think of them." Mrs. Woodyard said that she would contribute other sums from time to time to the tobacco fund.

Other Contributions.

Contributions thus far received for The Washington Times Tobacco Fund include:

Chicago Newsboy Wagers Even \$2,000 On White Sox

CHICAGO, Oct. 3.—Betting on the forthcoming world's series, so far as Chicago fans are concerned, thus far has been limited almost entirely to conversation.

But one bet of consequence has been reported, and most of the wagers are of the freak variety.

Wallie Pope, newsboy, has wagered \$2,000 even with L. H. Krever, Pope taking the White Sox end. This is the largest bet on record here.

Even money bets on the series are offered.

PERFECT DENTISTRY

AVOID TORTURE OF THE DENTIST CHAIR

Real "Painless Dentistry" Is Here At Last—After Years of Research and Experiment, Dr. Leon, Dentist, Succeeds In Banishing Pain Without the Aid of Dangerous Drugs.

Not many people are aware of the remarkable progress made by the science of Dentistry during recent years. A great deal has been written about the wonderful achievements of medical and surgical science, but very little publicity has been given to the equally wonderful work of the modern dentist.

Only a few years ago painless dentistry was regarded as an impossibility by the members of the dental profession. The very mention of the term was sufficient to arouse a storm of ridicule on the part of the AVERAGE dentist. Most dentists firmly believed that no effectual means of preventing pain in dental operations would ever be found, since all the anesthetics employed in surgery had proven to be practically useless in dentistry. But the difficulty has been overcome through Dr. Leon's discovery of a harmless local anesthetic.

IF YOU WANT MORE PROOF Come to my office and I will examine your teeth without charge, show you just what can be done, tell you what it will cost. SUCH AN EXAMINATION AND ADVICE DOES NOT OBLIGATE YOU TO HAVE ME TO DO YOUR WORK.

19 Years' Practical Experience

DON'T EXPERIMENT! WHICH DO YOU PREFER: My advanced, painless methods of restoring your teeth to health and soundness, or some inexperienced dentist to practice upon you? My nineteen (19) years' experience in dentistry—treating successfully thousands of cases that other dentists have failed through lack of experience to remedy—enables me to offer you a class of work that has no equal in this city. TO DOUBLY ASSURE YOU OF THE HIGH QUALITY OF MY WORK, I BACK IT BY A TWENTY YEARS' GUARANTEE TO BE ABSOLUTELY SATISFACTORY IN EVERY RESPECT.
